PERSONAL SUMMARY

I'm a well-rounded computer science student/software developer with growing experience in handling complex technical challenges in web development, algorithms and data visualization.

SKILLS

- Languages learned: C#, JavaScript, HTML, CSS, SQL, Python and Java.
- Frameworks experienced with: React and Node.js.
- Tools experienced with: Git, Github, Visual Studio, Eclipse, MySQL.
- Experienced in SharePoint site, Power Automation and Bi-Report building.
- Excellent collaboration, communication and time management skills.
- Strong desire to learn, create, research and be resourceful.

WORK EXPERIENCE

May 2022

ATCO Oil and Gas - IT Project Delivery intern

- Represent Bi-reports to ease the process of handling robust datasets and provide actionable insights.
- Participate in the development of recommendations and execution strategies to assist with senior management decision-making.
- Build SharePoint sites and manage automating business workflows with the use of power automation.
- Manage/Track/Ensure progress against Project Management team objectives.

Notable Achievement: Sped up the onboarding process for employees and contractors, taking the onboarding process from 60 days or more to 3-4 weeks.

PROJECTS

Disney Plus [Git](#)

- Built a responsive, dynamic webpage that looks similar to the original Disney plus website. It has unique features such as embedded trailer clips of certain movies, a carousel cycling through different movie contents, and a visually appealing home page and landing page.

Tools: HTML, CSS, Javascript

ChatBots [Git](#)

- Developed a React app that uses chatbot functionality to teach programming language terminologies. It also features search box functionality. It is a responsive, dynamic and accessible React app.

Tools: React, Javascript

E-commerce store [Git](#)

- Utilized SCSS, JSON, HTML, CSS and Javascript to create a responsive e-commerce website.

Tools: HTML, CSS, Javascript, SCSS

EDUCATION

Trent University

Bachelor of Science in Computer Science (Honours)
